

LVA-3 — Adopt HelixConstitution §11.4.79–106 (pin 53 commits behind)

Status: In progress **Type:** Task **Severity:** P1

Pin 208e2c8 is 53 commits behind origin/main 883ccc1. Highest-impact new clauses: §11.4.93/95/106 (workable-items SQLite DB tracked in git + md to DB sync engine), §11.4.79 (own-org submodules in CodeGraph), §11.4.85 (stress/chaos), §11.4.98, §11.4.102. Pin-bump is operator-gated; decision owed on §6.AD.3 Path B vs SQLite DB. **Source:** self-discovered — .lava-ci-evidence/constitution-review/2026-05-31-68th-cycle-review.md

LVA-4 — LVA workable-items ticket system (SQLite DB + Go CLI + md/HTML/PDF/DOCX export)

Status: In progress **Type:** Feature **Severity:** P1

HelixConstitution §11.4.93/95/106 materialization. Go CLI (modernc.org/sqlite, no CGO) with init/add/update/close/reopen/gen/verify/import/export. Operator directive §6.L 68th invocation, key prefix LVA. Superseded by migration to the canonical constitution binary (docs/tickets/MIGRATION-TO-CANONICAL.md). **Source:** operator-report — docs/tickets/DESIGN.md

LVA-5 — Rotate Firebase CI token (printed to session transcript)

Status: Operator-blocked **Type:** Bug **Severity:** P0

67th-cycle: the LAVA_FIREBASE_TOKEN default-expansion printed the token to the session transcript (NOT committed to git). Operator MUST rotate per §6.H clause 6 (firebase logout; firebase login:ci). **Source:** self-discovered — .lava-ci-evidence/sixth-law-incidents/2026-05-20-firebase-token-echo-leak.json

LVA-6 — §11.4.79 reconcile codegraph index policy (own-org submodules IN index)

Status: Queued **Type:** Task **Severity:** P2

§11.4.79 (new) requires own-org submodules IN the codegraph index; Lava currently EXCLUDES submodules/ per docs/CODEGRAPH.md + 63rd-cycle policy. Reconcile .codegraph config + docs when pin is bumped. **Source:** self-discovered — .lava-ci-evidence/constitution-review/2026-05-31-68th-cycle-review.md

LVA-7 — §11.4.85 stress + chaos test scaffold

Status: Queued **Type:** Task **Severity:** P2

§11.4.85 (new universal anchor) mandates a stress + chaos test class. Lava has no chaos/stress suite today. Assess + scaffold when pin is bumped. **Source:** self-discovered — [.lava-ci-evidence/constitution-review/2026-05-31-68th-cycle-review.md](#)
